- Problem Solving

ABOUT MYSELF

I am an ambitious and motivated fresh graduate seeking to kick-start my career in Front End Development, I am eager to contribute my knowledge and learn from experienced professionals to excel in the professional world.

EXPERIENCE

LGU TECH MAINTENANCE

Municipality of Macabebe

February - May 2023

- Conducted regular maintenance and troubleshooting on a wide range of technical systems, including hardware, software, and networking equipment, ensuring optimal performance and minimizing downtime.

- Responded promptly to technical issues and provided timely resolutions, troubleshooting problems both remotely and on-site to minimize service interruptions.

Thesis Programming Project

Feb 2022 - Feb 2023

- Collaborated with a team of 5 members to develop a comprehensive software solution for our thesis project, [A GAME-BASED LEARNING TOOL WITH AN ESCAPE SIMULATOR FOR DISASTERS EMERGENCY-RESPONSE].

- Designed and implemented key software modules, ensuring clean code architecture, scalability, and maintainability.

- Utilized Unreal Engine's blueprint system and C++ programming language to design and develop interactive gameplay mechanics, user interfaces, and immersive experiences.

EDUCATION

June 2019 - May 2023	Don Honorio Ventura State University Bachelor of Scince and Information Technology
